

SKID STEER AND COMPACT TRACK LOADERS

STAGE V

OPERATING WEIGHT
3121-4906kg

OVERALL HEIGHT
1.98 – 2.10m

GROSS ENGINE POWER
56-74 hp / 42-55kW

COMFORTABLY BETTER CONTROL

With side-door entry, the largest cabs on the market, electric and adjustable joystick controls, our skid steers and compact track loaders enable maximum productivity.

INDUSTRY-LEADING OPERATOR ENVIRONMENT

Our large-platform machine cab is 33% larger than the competition and 46% on small machines.

COMFORTABLY BETTER VISIBILITY

The low boom profile on Hi-Viz models allows excellent visibility to both sides of the machine and the quick hitch, plus enhanced visibility to the tracks or wheels.

ALL-ROUND VISIBILITY

JCB's Powerboom™ loader arm gives operators 60% better visibility than conventional twin-arm machines.

COMFORTABLY BETTER SAFETY

With a wide-opening side door for safe entry and exit, JCB machine operators no longer need to climb over large attachments or under an unsupported boom.

SAFER BY DESIGN

The optional electric quick hitch is fitted with a single-point lock-and-unlock flag for optimal visibility, to ensure that the attachment is safely locked and unlocked.

COMFORTABLY BETTER POWER

With plenty of power and versatile features, JCB sets new standards for efficiency and productivity in skid steer and compact track loaders.

MAXIMUM OUTPUT

Vertical lift provides optimum lift capacity at maximum height and reach, for easier load and carry jobs.

COMFORTABLY BETTER PERFORMANCE

JCB skid steers and compact track loaders are built tough to handle the demands of any application and any condition.

BUILT TO LAST

The unique JCB Powerboom™ has 20% more steel than conventional twin-arm skid steer designs.

SKID STEER AND COMPACT TRACK LOADERS
